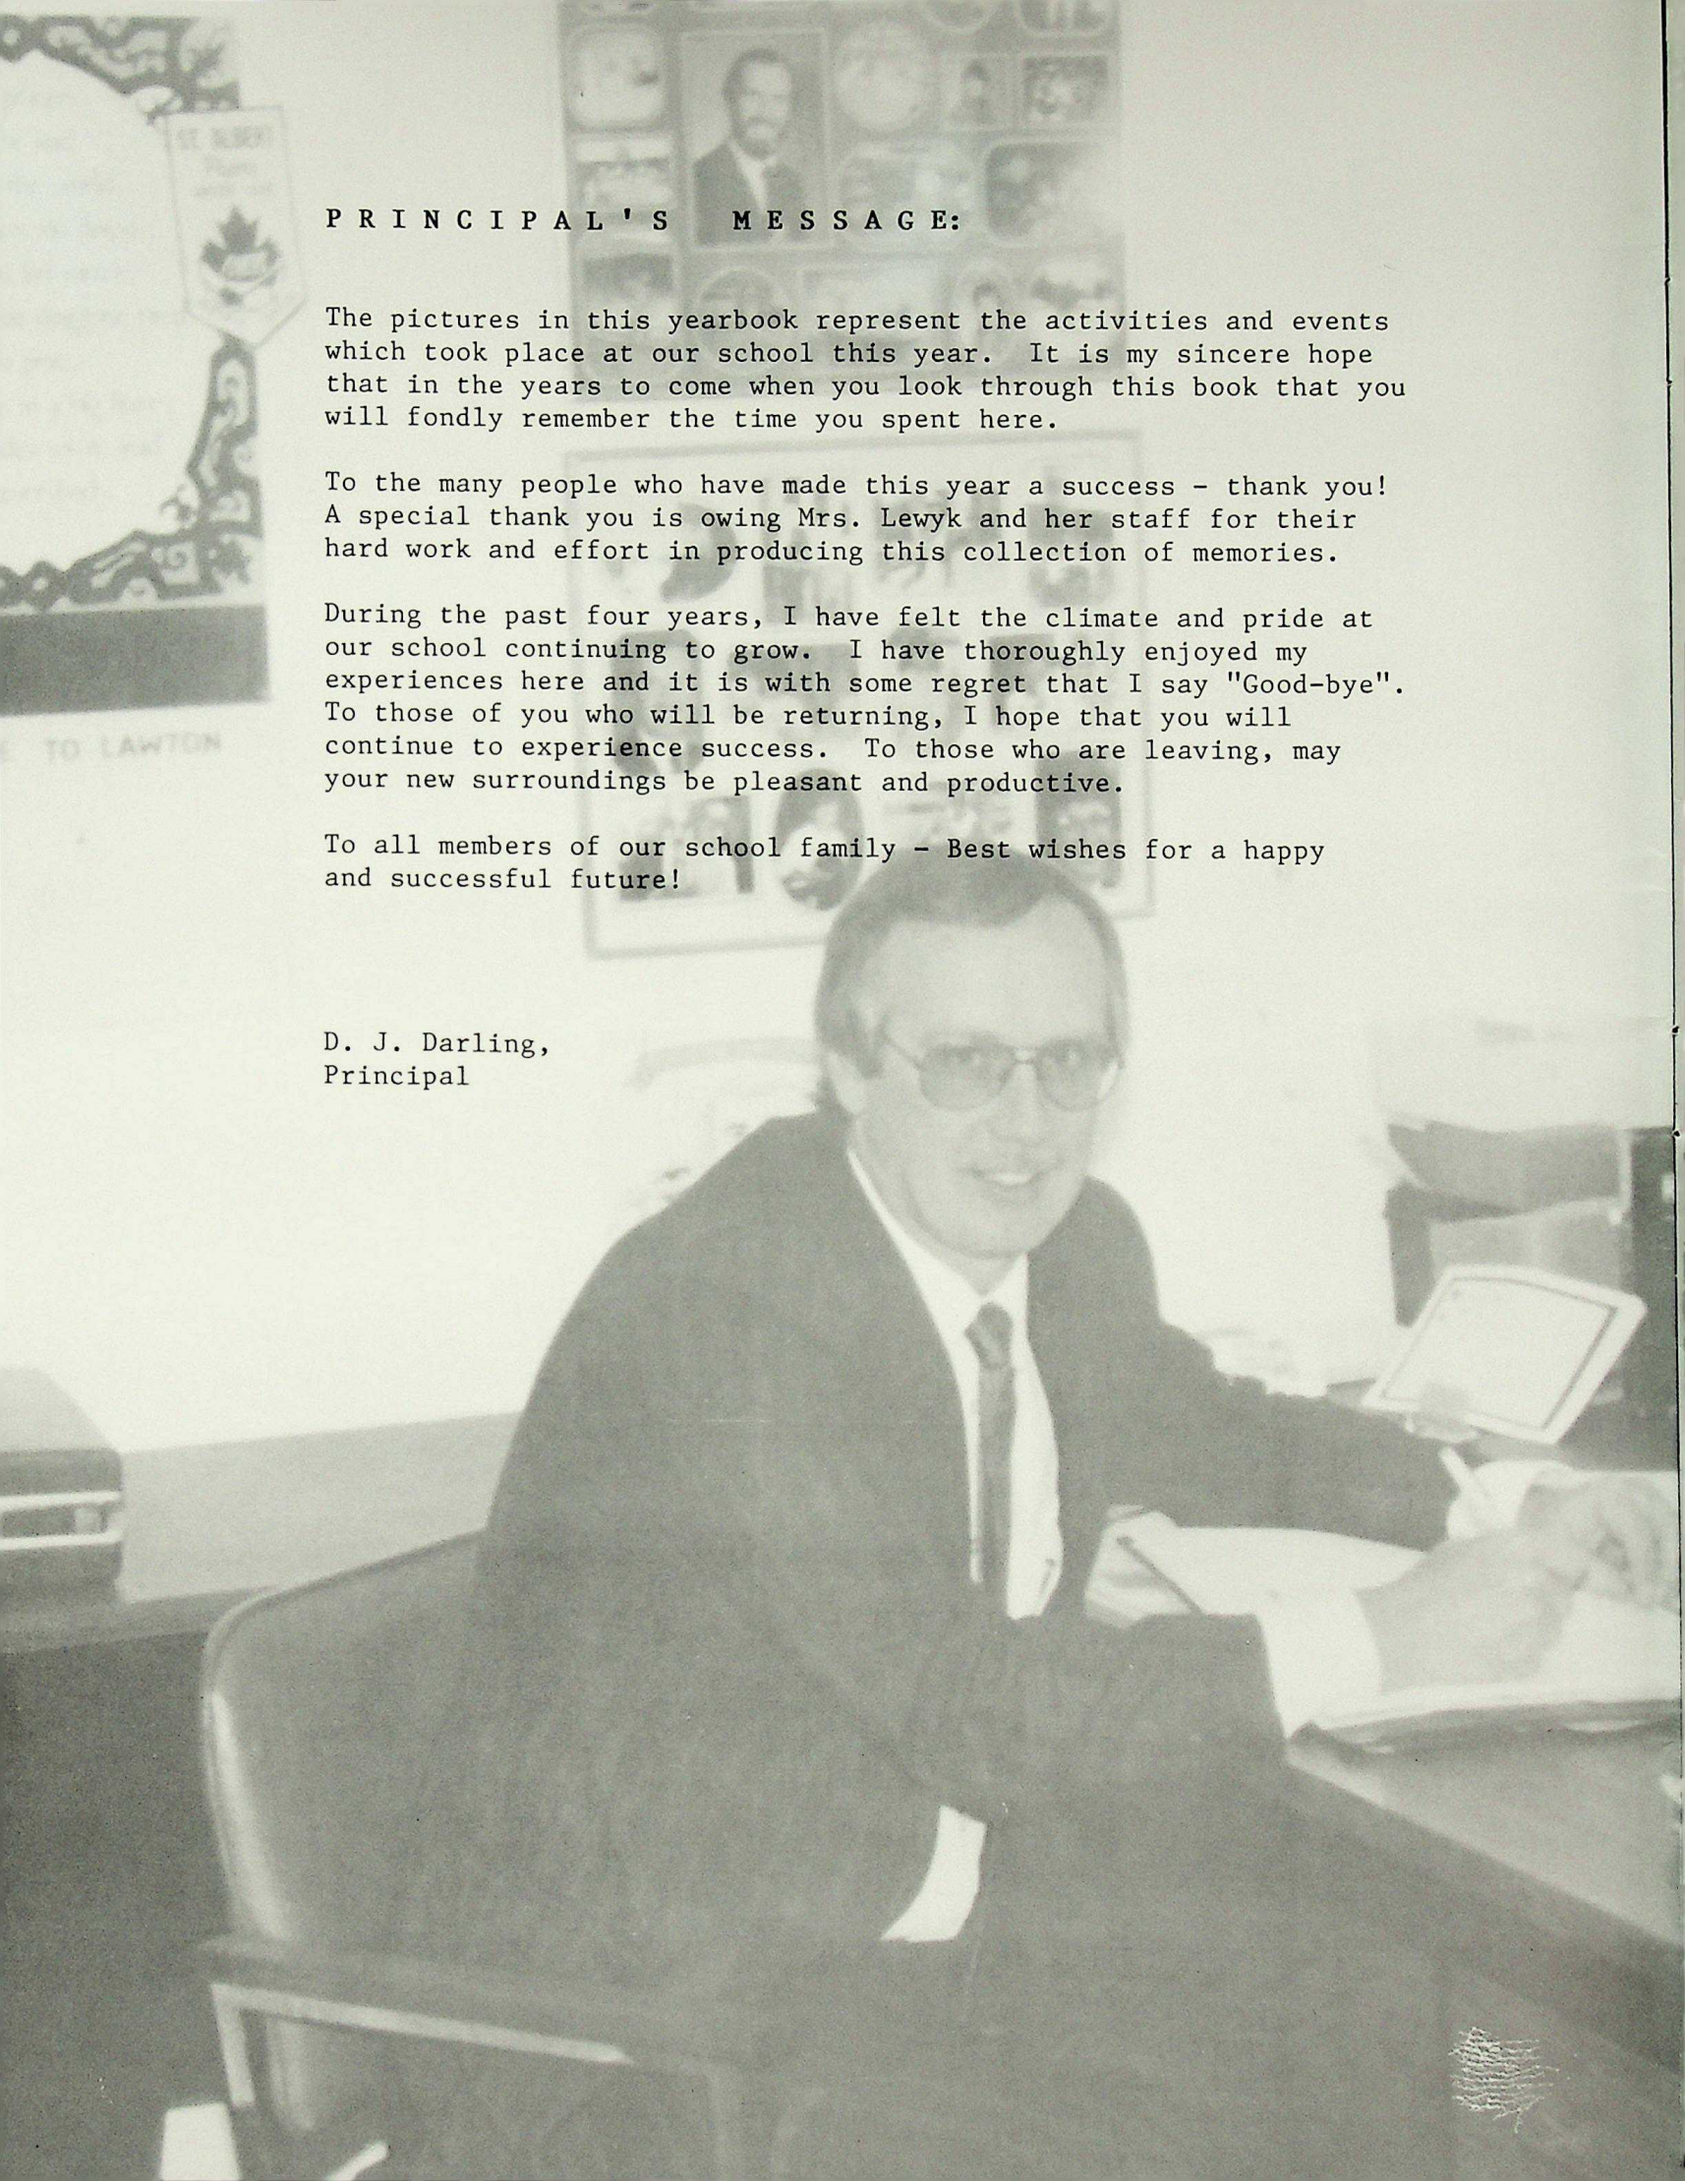
Small in Size ----- Big in Pride



PRINCIPAL'S MESSAGE:

The pictures in this yearbook represent the activities and events which took place at our school this year. It is my sincere hope that in the years to come when you look through this book that you will fondly remember the time you spent here.

To the many people who have made this year a success - thank you! A special thank you is owing Mrs. Lewyk and her staff for their hard work and effort in producing this collection of memories.

During the past four years, I have felt the climate and pride at our school continuing to grow. I have thoroughly enjoyed my experiences here and it is with some regret that I say "Good-bye". To those of you who will be returning, I hope that you will continue to experience success. To those who are leaving, may your new surroundings be pleasant and productive.

To all members of our school family - Best wishes for a happy and successful future!

D. J. Darling,
Principal

You're learning to make the most of you.

As the school year ends and you reflect upon the past year, you realize that some of the most valuable lessons don't come from textbooks. They come from life. From the good times and not-so-good times. When you learn about people. About yourself. Or just about handling things. And that's important. Because you never stop solving problems. You just get better at it.

Make the most of a good thing.
Make the most of you.
